

# SECURING

## Outside Homes and Businesses

### *OUTSIDE* Your Home / Business

- Take down canvas awnings or roll them up and lash them with sturdy rope or twine.
- Board up windows using lumber securely fastened.
- Check door locks to assure that they will not blow open.
- Check outdoor items that might blow away or be torn loose. Secure these items as best as possible or take them indoors.
- Store chemicals, fertilizers and other toxic materials in a safe section or secure area of the premises.

**NOTE:** You should complete your securement well before the hazards arrive.
